

Immunization Due Dates

- Due January 4 , 2021
 - Submit the records you have along with the GMU form
 - Holds and late fees will be placed on non-compliant accounts March 1, 2021
 - Don't wait to submit – submit earlier than later

Immunization Requirements

GMU form must be submitted:

1. Hepatitis B or Twinrix or positive titer (must provide a copy of the lab report) or sign waiver on page 5 of the form.
2. Tetanus-Diphtheria: Must show proof of Tetanus/diphtheria/pertussis vaccine after the age of 11. If the vaccines has expired (more than 10 years ago) you will also need to submit documentation of a current TD or Tdap vaccine.
3. Two (2) doses of the MMR (Measles, Mumps, Rubella) vaccine or a positive titer report (must provide a copy of the lab report).
4. Meningococcal A, C, Y, W-135 Vaccine: Administered between the ages of 16 and 21 or sign the waiver on page 5 of the form.
5. Tuberculosis Screening/Questionnaire: Complete page 2 of the form. Answer all the questions.
If the student answered yes to 1 or more risk questions he/she will need a Tuberculin skin test (TST) or have a Interferon Gamma Release Assay Test (IGRA). All testing and/or chest x-rays must be dated less than 3 months or less from the start of classes.
